

METALS

SCHOOL OF ART, UNIVERSITY OF WASHINGTON, SEATTLE

As of Autumn 2006, admission to the Metals undergraduate program has been suspended. At this time, it is not possible to provide detailed information about degree requirements or available resources, which are under review by the School of Art and the College of Arts and Sciences. In the meantime, the School of Art continues to offer a variety of excellent metals classes that may be taken by students enrolled in the School of Art.
