BA IN ART: 3D4M CONCENTRATION

The BA in Art with a 3D4M (3-Dimensional Forum) concentration focuses on the study of Ceramics, Glass, and Sculpture. The mission of this program is to explore interdisciplinary exchanges that revolve around material study, concept, and critical dialogue in a studio-based environment. Classes are taught in the Art Building, and at the 3D4M Studio (located at the Ceramics and Metal Arts Building) where there are extensive facilities for ceramics, glass, wood and metal fabrication. The CMA also houses a foundry, digital imaging center, and two galleries.
