The Painting + Drawing program provides the intellectual, creative, and physical environment that best fosters excellence in painting and drawing for students and faculty.

The first step to successful work in painting and drawing is a firm basis in the fundamentals of drawing. From that basis, the program provides comprehensive education in drawing and painting, which stresses both breadth and depth.

An awareness of the breadth of what has been done in the past and what is being done in the present encourages students to relate their own practice to both history and the contemporary context.
